# Downtown Weaverville Pedestrian Count

**Time Period**: Thursday, November 4, 2021, 12:00pm – Thursday, November 11, 2021, 12:00pm

**Location**: Outside Curtis Wright Outfitters

(Image: Google Maps)

## **Equipment**: EcoCounter Pyro Counter

The Pyro Counter is able to count bicyclists, pedestrians, skateboarders, rollerbladers, or anyone who passes within approximately 16.5 feet of the equipment. However, the device is unable to differentiate between the different users and simply counts them as general users.

Possible sources of error include facility-users walking side-by-side or very close to each other; this is likely to include people walking or running side-by-side, children being held by a parent or walking along side of

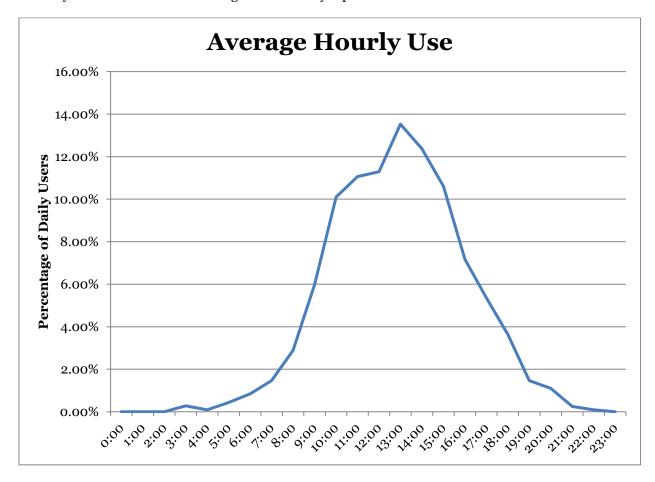

them, or dense groups of users. It is unclear how many users are likely to have been missed due to these circumstances and there has been no effort to make up for this likely discrepancy.
