Amendments to the 2024-2033 and 2026-2035 Transportation Improvement Program (TIP)

What is the Transportation Improvement Program (TIP)?

improvements

The Transportation Improvement Program (TIP) is our region's document that reflects planned transportation investments over a ten-year period. The TIP describes each project, a schedule for implementation, funding sources, and estimated costs.

Amendment Highlights:

Amendments this month include:

- Segmenting EB-5774A (Woodfin Greenway) into EB-5774AA and EB-5774-AB
- Segmenting I-4409 (1-40/Blue Ridge Road) into I-4409A, which replaces the bridge, and I-4409B, which upgrades I-40/Blue Ridge Road
- Delay construction for U-5019A (Nasty Branch Greenway)
- Various safety statewide and division wide safety

All TIP Amendment Summaries can be found here:

https://frenchbroadrivermpo.org/wp-content/uploads/2025/09/FBRMPO_October2025_TIP_Amendments.pdf

Action Required: Consider Adoption of the Amendments to the 2024-2033 and 2026-2035 TIP.

Staff Recommendation: Approve the Amendments to the 2024-2033 and 2026-2035 TIP.

Item 4A:

Title VI Plan

The purpose of the Title VI Plan is to comply with federal regulations under 49 CFR Part 21 and 23 CFR 200. These regulations require all recipients of federal funds to comply with Title VI of the Civil Rights Act of 1964 and its subsequent federal acts, as shown under the Authorities section of this document.

FBRMPO is a recipient of Federal Highway Administration (FHWA) and Federal Transit Administration (FTA) funds and will likely use other federal funds. The FBRMPO last updated its Title VI Plan in June 2019, the Title VI Plan is reviewed annually and updated periodically in order to ensure accuracy and responsiveness to changes in local demographics.

MPO staff has revised the previously adopted June 2019, Title VI Plan through adapting the template plan produced by the North Carolina Department of Transportation. The proposed update tailors the plan specifically to the French Broad River MPO region and updates the included demographic information to the latest available.

The North Carolina Department of Transportation Office of Civil Rights has reviewed the draft update and provided comments which are reflected in the changes presented here.

5310 & JARC Call for Projects

The French Broad River MPO holds Calls for Projects for Federal Transit Administration (FTA) Section 5310 and Jobs Access Reverse Commute (JARC) funds, the two transit and human services transportation funding categories allocated to the Asheville Urbanized Area. While the City of Asheville is the Designated Recipient of these funds and is required to provide contracting, administration, and oversight, the FBRMPO is required to determine how these funds are to be used and distributed across the region.

5310

FTA's Enhanced Mobility of Seniors & People with Disabilities (Section 5310) makes federal funding available to the Asheville Urbanized Area with the City of Asheville serving as the designated recipient. The program aims to improve mobility for seniors and individuals with disabilities by removing barriers to transportation service and expanding transportation mobility options.

The 5310 Grant has two categories for funding:

- Traditional/Capital Projects: at least 55% of the total funding amount must go to "traditional" projects
- Other/Operations type projects: no more than 45% of the total funding amount can go to those projects

The table below shows the available funding for Section 5310 FY2024 that must be distributed:

FY 2025's Section 5310 Allocation	
FY 2025 FTA Section 5310 Funds Available to Asheville UZA	\$486,152
Section 5310 Admin at 10%	\$48,615
Remaining Section 5310 after Admin	\$437,537

*It is important to note that 10% of the original allocation is set aside for Administrative funds for the City of Asheville, so "Other" projects will only receive up to 35% of total funding as a result since Traditional projects are required to receive a minimum of 55% of the allocation before administrative costs are considered.

JARC

Jobs Access Reverse Commute (JARC) is a type of public transportation funding that was consolidated into FTA Section 5307 urban transit funding in 2012. JARC is geared towards transportation for low-income individuals to jobs and job training. Transit capital and operating expenses are eligible, with an appropriate local match required (20% for capital/ 50% for operating).

JARC funding in the MPO region is calculated based on a 10% set aside from the 5307 FTA urban transit formula allocated to the Asheville Urbanized Area.

FY 2024's Section 5307 (JARC) Allocation	
Regional JARC - FY 2024 at 10% of FTA 5307 Amount allocated to Asheville Urbanized Area	\$ 420,732

Timeline for 5310 and JARC:

FY2024 Call for Projects Application Timeline	
January 16, 2025	5310 and JARC Call for Projects opens
February 20, 2025	5310 and JARC applications due to FBRMPO

Call for Planning Projects

The FBRMPO Unified Planning Work Program (UPWP) is the MPO's budget document for planning activities throughout the fiscal year that includes in-house planning activities as well as special studies undertaken in the region utilizing MPO planning funds. These activities are paid for by federal planning (PL) funds (or STBGDA funds "flexed" to planning) as well as a required 20% local match provided by member governments.

Typically, the MPO has held a call for planning projects for the following year's UPWP (FY 2027, in this case.) The Draft UPWP is due in January. The Final UPWP is due in March.

Eligible Applicants: Any Member Government of the French Broad River MPO

Eligible Activities:

- Transportation Master Plan
- Corridor Studies
- Access/Mobility Studies
- Inventories of Existing Routes and Right of Way Investigations
- Future population, Employment, and Economic Growth Studies
- Traffic studies such as circulation plans, traffic count programs, intersection analysis, and small area studies
- Bicycle and Pedestrian planning such as bicycle parking, sidewalk/bicycle lane master plans and trail and greenway plans
- Economic Impact Studies for Transportation Investments
- GIS data development/mapping applications

Staff Report & Recommendations

- Transportation related health impact assessments
- Transit Master Plan
- Conceptual/Scoping Studies and Limited Engineering Design (specifically up to 15 percent “line and grade” design per NCDOT guidance), also known as “Planning Preliminary Plans” or “Functional Roadway” plans

Required Non-Federal Match: 20% (no in-kind contributions)

Call for Projects Proposed Schedule:

- October 30th- Issue Call for Projects
- December 30th- Applications Due
- January/February- Projects Selected
- March- Projects Programmed in the FY 2027 UPWP
- July- Agreements between Land of Sky & Approved Applications

Proposed Funding Available: \$500,000 (but staff recommends programming no more than two projects)

Action Required: Recommend the Board Open the Call for Planning Projects

(TDM) Commute Friendly WNC Program

Commute Friendly WNC is a *free* workplace and campus certification program that encourages employers and colleges to take an active role in supporting multimodal employees, students, and visitors. It is a program that recognizes and celebrates those organizations that go the extra mile to promote ways of getting around our community that reduce traffic congestion and improve air quality. (That means carpooling, vanpooling, public transit, biking, walking, and even remote work!)

The Commute Friendly certification is both a recruitment tool and a bragging right. But it's also a community of like-minded businesses, campuses, and organizations who care about making Western North Carolina a place where transportation is not a barrier to employment or education, and where every mode of transportation is an opportunity to connect and build the future we want.

Most importantly, becoming certified unlocks all of Go Mountain Commuting's free programming.

Benefits include:

- An on-site assessment and multimodal consultation, with an in depth explanation of resources and options available to your community.
- Creation of workplace or campus-specific outreach materials and resources.
- Creation of workplace or campus-specific commuter challenges.
- Promotion as a Commute Friendly Workplace or Campus
- Inclusion in Commute Friendly WNC quarterly networking and learning sessions.
- Bicycle Commuting 101 lunch & learns (and) Bus Ride-Alongs to teach your community how to tackle multimodal commutes
- Grant-writing assistance for multimodal amenities or plans (when available).
- Personalized commute planning assistance for your employees or students.
- Go Mountain Commuting will table at your events, or speaking at your functions, by request

The first info session is scheduled for **Monday, November 3rd, from 12:30pm-2pm** at the Land of Sky Regional Council. **Lunch will be provided.** Please register by [clicking this link](#) or scanning the QR code:
